Summer Painting Workshop Weekend

with
Jenni Mitchell & Mervyn Hannan

Sat 12 & Sun 13 January 2019
10.00 am – 4.00

Petschel House is a historic bluestone 1854 home with a rich background beginning with the Prussian settler families Rentsch & Petschels. Now home to artists Jenni & Mervyn who have established new studios and a fine art gallery in the beautiful gardens of the 14 acre property.

The workshop begins with a plein-air demonstration followed by individual tuition either in the cool of the studios or in the summer gardens and grounds. Petschel House has many inspiring corners and paddocks to paint including the lake with the romantic willows and Monet bridge, birch forest, old red gums alpaca paddock, orchard and rose gardens. We will focus on using your *artist eye* to capture quickly an impression of the *subject* using tone, shape and colour.

Workshop are suitable for all student levels including beginners & experienced artists wanting to work with nature and further their skills.

* Bring your own favourite art materials: - oil, acrylic, gouache, watercolour, pencil or pastels. Bring a stool, sunscreen & hat.

Lunch and all refreshments will be provided.

*Art materials will be available for purchase from the studio gallery.
